CHERRY HILL NURSERIES

THURLOWS & STRANGER, INC.

West Newbury .. Massachusetts

Nurseries at West Newbury and Newburyport

Telephone Newburyport—462-6688 Area Code 617

Members:

Mass. Nurserymen's Association
New England Nurserymen's Association
American Association of Nurserymen
American Peony Society

We cordially invite you to visit our Nurseries at West Newbury and Newburyport where, for over one hundred years, the Cherry Hill Nurseries have been engaged in the growing of fine plants and trees. This long experience enables us to supply you with strong hardy plants that are sure to thrive in our rugged New England climate. Both Nurseries are located on improved roads easily accessible the year around.

If impossible to visit the nursery, we invite you to order by telephone or mail. We use the greatest possible care in the selection of all stock and we will gladly pay return charges and replace any stock not satisfactory if notified within five days after arrival of goods.

We are always glad to have customers order stock at the nursery where it can be seen, but cannot dig orders while the customer waits to take them. We will gladly tag and reserve special plants if the type and size wanted is other than the usual nursery run, but as orders through the spring are promised several days in advance most of the time, it will be necessary to dig them in rotation as ordered and either hold them to be called for or to be delivered by our trucks.

The above does not apply to Roses, Fruit trees or any of the various shrubs or evergreens that we often have dug ahead and ready to ship.

During the spring and fall planting season, our Nurseries are open from 8:00 to 5:00 P.M. every weekday. We are closed Saturdays during the summer and winter months.

For Conditions of Sale see Page 65

For more enjoyable living, we offer the trees and plants in this booklet.

GIFT CERTIFICATES

We are prepared to issue Gift Certificates, redeemable by us. This certificate will bear the recipient's name and yours as donor. For anyone interested in a garden or planting the home grounds this makes a very acceptable Christmas or Anniversary gift.

Evergreen Trees

All our evergreen trees are dug with a ball of earth adhering to the roots and burlapped (B.&B.). This insures against drying of the roots. Prices include this service.

Abies concolor

WHITE FIR

Tall-growing Fir from the Rocky Mountains. Symmetrical habit.

	Each	Per 10	Per 100
15 to 18 in.	\$5.00	\$47.50	
18 to 24 in.	6.00		
2 to 2½ ft.	8.00	75.00	

Chamaecyparis obtusa gracilis

HINOKI CYPRESS

Dark glossy green foliage in rounded obtuse fans. The growth is irregular and very interesting forms are developed.

15 to 18 in.	5.00	
18 to 24 in.	6.75	65.00

Chamaecyparis o. nana

DWARF HINOKI CYPRESS

Interesting form of very slow growth. For rock work or where a dwarf evergreen is desired.

9 to 12 in.	7.50	70.00
------------------	------	-------

Chamaecyparis plumosa aurea

GOLDEN PLUMED CYPRESS

Of the same growth as the green forms, but the new growth tipped yellow. Rather slow in growth.

15 to 18 in.	4.50	40.00
18 to 24 in.	5.00	45.00

Juniperus chinensis pfitzeriana

PFITZER'S JUNIPER

Spreading growth attaining a height of four feet. The undulating branches give a pleasing effect.

15 to 18 in. spread	5.25	50.00
18 to 24 in. spread	6.50	60.00
2 to 2½ ft. spread	8.00	

Juniperus c. pfitzeriana glauca

BLUE PFITZER'S JUNIPER

A form of Pfitzer's Juniper having glaucous blue foliage.

18 to 24 in. spread	6.50	60.00
---------------------------	------	-------

Juniperus c. glauca hetzi

HETZ JUNIPER

This resembles Pfitzer's Juniper in habit of spreading growth. Attractive glaucous green foliage.

15 to 18 in. spread	5.25	45.00	425.00
18 to 24 in. spread	6.50	60.00	

Juniperus c. sargentii **SARGENT'S JUNIPER**

A trailing form with bright green foliage. Good for banks or rock work.

	Each	Per 10	Per 100
12 to 15 in. spread	5.50		
15 to 18 in. spread	7.00		

Juniperus horizontalis depressa plumosa **ANDORRA JUNIPER**

Especially good for a ground cover as the plants make thick, low carpets. The foliage is bright green, changing to an attractive purple as winter approaches.

15 to 18 in. spread	5.00	45.00	420.00
18 to 24 in. spread	6.00	55.00	520.00

Juniperus h. Bar Harbor **BAR HARBOR JUNIPER**

A hardy creeping form selected from the Maine coast.

12 to 15 in. spread	5.50
15 to 18 in. spread	7.00

Juniperus h. douglasi **WAUKEGAN JUNIPER**

Prostrate in growth with steel blue foliage.

12 to 15 in. spread	5.50
15 to 18 in. spread	7.00

Juniperus sabina **SABIN JUNIPER**

Dwarf spreading habit with grayish green foliage.

12 to 15 in. spread	2.75	25.00
15 to 18 in. spread	3.75	35.00

Juniperus squamata meyeri **MEYER'S JUNIPER**

Unusual in coloring is this semi-erect evergreen with its intense steel blue foliage. Of dwarf growth.

15 to 18 in.	5.00	45.00
-------------------	------	-------

Juniperus virginiana Keteleeri **KETELEER JUNIPER**

A form of Red Cedar with bright green foliage.

2 to 3 ft.	7.00	65.00
-----------------	------	-------

Picea abies (excelsa) **NORWAY SPRUCE**

Tall, fast-growing evergreen of conical shape with medium green foliage. Very good for wind breaks.

3 to 4 ft.	7.00
-----------------	------

Picea glauca (canadensis) **WHITE SPRUCE**

An attractive tall-growing evergreen of shapely habit. Hardy in exposed situations.

18 to 24 in.	4.75	42.50
-------------------	------	-------

Picea pungens glauca **BLUE SPRUCE**

Selected plants with steel blue foliage.

18 to 24 in.	6.00
2 to 2½ ft.	10.00

Picea p. Moerheim MOERHEIM BLUE SPRUCE

Grafted plants having a uniform steel blue foliage.

	Each	Per 10	Per 100
15 to 18 in.	7.50		
18 to 24 in.	9.00		

Pinus mugo mughus DWARF MUGHO PINE

The spreading branches are clothed with crisp, dark green needles. Rather slow in growth.

12 to 15 in. spread	5.00	47.50
15 to 18 in. spread	6.50	60.00
18 to 24 in. spread	8.00	

Pinus nigra austriaca AUSTRIAN PINE

A very hardy Pine of fast growth and broad irregular habit. Especially good for seashore planting.

2 to 3 ft.	7.00	65.00
4 to 5 ft.	10.50	

Pinus resinosa RED PINE

Of very rapid growth with long, dark green needles.

2 to 3 ft.	6.00	55.00
3 to 4 ft.	7.50	70.00
4 to 5 ft.	10.50	

ARE YOUR GROUNDS AS ATTRACTIVE AS THESE?

Courtesy of A.A.N.

Pinus strobus **WHITE PINE**

One of the handsomest of our native evergreens. Soft green foliage.

	Each	Per 10	Per 100
2 to 2½ ft.	\$5.00	\$45.00	
2½ to 3 ft.	6.00	55.00	
3 to 4 ft.	7.00	65.00	
4 to 5 ft.	8.50	80.00	
5 to 6 ft.	10.50	100.00	

Pinus thunbergi **JAPANESE BLACK PINE**

Resembling the Austrian Pine, but of much more irregular growth. Picturesque and good for seashore planting.

18 to 24 in.	4.50	42.50	
-------------------	------	-------	--

Retinospora (See Chamaecyparis)

Taxus baccata repandens

ENGLISH SPREADING YEW

Low-spreading habit with dark green foliage. Does especially well in the shade.

18 to 24 in.	9.00	85.00	
-------------------	------	-------	--

Taxus cuspidata

SPREADING YEW

Does well in sun or shade. The medium green foliage is pleasing in texture. Red berries in the fall. Fine for group or foundation planting.

12 to 15 in.	5.00	42.50	350.00
15 to 18 in.	6.25	52.50	450.00
18 to 24 in.	8.00	70.00	600.00

Taxus c. capitata

UPRIGHT YEW

The upright form makes most satisfactory hedges, which may be kept trimmed from three feet to as tall as desired.

18 to 24 in.	8.50	80.00	750.00
2 to 2½ ft.	11.00	97.50	900.00
2½ to 3 ft.	13.00	120.00	
3 to 3½ ft.	18.00	170.00	

Taxus c. densiformis **DENSE SPREADING YEW**

An improved form of the spreading type. Compact, bushy growth and heavy foliage.

12 to 15 in.	5.00	45.00	400.00
15 to 18 in.	7.00	60.00	525.00
18 to 24 in.	8.50	75.00	650.00
2 to 2½ ft.	11.00		

Taxus c. nana (brevifolia)

DWARF YEW

Dark green foliage throughout the year. Of slow growth and spreading habit.

12 to 15 in.	5.50	52.50	500.00
15 to 18 in.	7.50	70.00	675.00
18 to 24 in.	10.00		

Thuya occidentalis globosa
GLOBE ARBORVITAE

Dwarf and globular in growth.

	Each	Per 10	Per 100
12 to 15 in. spread	3.00	26.00	
15 to 18 in. spread	3.75	34.00	
18 to 24 in. spread	4.75	45.00	

Thuya o. nigra
DARK AMERICAN ARBORVITAE

This strain called Wintergreen is of broad, pyramidal growth with bright green foliage. The plants are uniform and make fine hedges.

3 to 4 ft.	6.50	60.00	540.00
4 to 5 ft.	8.25	77.50	725.00
5 to 6 ft.	10.00	90.00	

Thuya o. pyramidalis
PYRAMIDAL ARBORVITAE

Narrow, columnar growth. The foliage is dark green throughout the winter.

3 to 4 ft.	6.00	55.00	500.00
4 to 5 ft.	7.25	70.00	650.00
5 to 6 ft.	8.75	80.00	

Thuya o. wareana
SIBERIAN ARBORVITAE

Slow in growth making a dense broad pyramid. Foliage thick and dark green. Very hardy and satisfactory.

2 to 2½ ft.	5.00	45.00	
2½ to 3t ft.	6.00	52.50	500.00
3 to 4 ft.	7.50	65.00	600.00

Tsuga canadensis
CANADA HEMLOCK

Graceful tree with short, dark green needles of pleasing texture.

2 to 2½ ft.	7.00	65.00	600.00
2½ to 3 ft.	8.00	75.00	720.00
3 to 3½ ft.	11.00	100.00	900.00
3½ to 4 ft.	12.50	110.00	1000.00
4 to 5 ft.	15.00		

Tsuga carolinianum
CAROLINA HEMLOCK

Dense, dark green needles. More upright in growth than the Canadian Hemlock.

2½ to 3 ft.	8.00	75.00	
3 to 4 ft.	10.00		

Evergreen Shrubs

All Evergreen shrubs, except *Pachysandra* and *Vinca*, are dug with a ball of earth and prices quoted include this service.

Daphne cneorum

ROSE DAPHNE

Dwarf spreading plants bearing clusters of small, very fragrant pink flowers in May and occasionally throughout the summer.

	Each	Per 10	Per 100
Strong plants in pots			
6 to 8 in.	2.10	19.00	
8 to 12 in.	2.75	26.00	

Euonymus fortunei coloratus

BLOOD-LEAVED BITTERSWEET

Rapid growth, green turning to red in winter.

2 yr.	1.00	9.00	75.00
------------	------	------	-------

Euonymus f. radicans

EVERGREEN BITTERSWEET

Strong-growing vine with small, dark evergreen leaves.

Fine for covering rock work.

2 yr.	1.00	9.00	75.00
3 yr.	1.15	10.00	85.00

RHODODENDRONS GIVE MASSES OF COLOR AND ARE
ATTRACTIVE AT ALL TIMES

Euonymus f. Sarcoxie UPRIGHT BITTERSWEET

A desirable new variety of upright bushy growth forming a small shrub.

	Each	Per 10	Per 100
3 yr.	1.95	18.00	160.00

Euonymus f. vegetus**BROAD-LEAVED BITTERSWEET**

Broad rounded leaves of deep green with bright orange and red fruit. Fine for ground cover or vine.

3 yr.	1.75	16.00	150.00
------------	------	-------	--------

Hedera helix baltica HARDY ENGLISH IVY

With a little winter protection, this is an evergreen. Good for a shady ground cover.

2½ in. pots	0.75	7.00	60.00
-------------------	------	------	-------

Ilex crenata convexa BOX-LEAF HOLLY

A charming dwarf evergreen with small, glossy green leaves about the size of dwarf Box. Black berries. Fine for the evergreen border.

12 to 15 in.	5.00	45.00	
-------------------	------	-------	--

Ilex c. Hetz HETZ HOLLY

Low, spreading growth with glossy, green leaves somewhat larger than Ilex convexa.

15 to 18 in.	\$6.00	\$55.00	
-------------------	--------	---------	--

Courtesy of A.A.N.

FOR A PLEASANT AFTERNOON

Ilex glabra**INKBERRY**

Low shrub with shining green leaves and round black berries. Grows in sun or shade.

	Each	Per 10	Per 100
18 to 24 in.	6.00		

Kalmia latifolia**MOUNTAIN LAUREL**

The flat heads of pink and white flowers are most attractive. Grows well in shade.

15 to 18 in.	5.50	50.00
18 to 24 in.	6.75	65.00
2 to 2½ ft.	8.50	80.00

Leucothoe catesbaei **DROOPING LEUCOTHOE**

Fronde-like stems with shining green leaves turning bronze in autumn. White flowers.

12 to 15 in. clumps	3.50	30.00
15 to 18 in. clumps	4.00	35.00

Pachysandra terminalis**JAPANESE SPURGE**

A hardy, evergreen perennial of spreading habit, especially useful as a ground cover in dry, shady spots.

Strong plants, field grown	2.50	22.00
Strong plants, in pots	3.50	30.00

Pieris floribunda (Andromeda)**LILY-OF-THE-VALLEY BUSH**

A charming low-spreading bush with medium green foliage. The nodding white bell-shaped flowers, borne on erect spikes, bloom early in the spring.

12 to 15 in.	5.25	50.00
15 to 18 in.	6.75	65.00

Pieris japonica**JAPANESE ANDROMEDA**

Of more erect habit than *P. floribunda*, with dark lustrous foliage and long racemes of white, bell-shaped flowers.

12 to 15 in. ..	3.25	30.00	
15 to 18 in.	5.00	42.50	400.00
18 to 24 in.	7.00		
2 to 2½ ft.	8.00	75.00	
2½ to 3 ft.	10.00	95.00	

Rhododendron carolinianum**CAROLINA RHODODENDRON**

Semi-dwarf plant with narrow leaves. Free-flowering in habit, the blossoms range through shades of pink.

	Each	Per 10	Per 100
15 to 18 in.	6.50	60.00	
18 to 24 in.	8.00	75.00	
2 to 2½ ft.	11.00		

Rhododendron catawbiense**CATAWBA RHODODENDRON**

Our native Rhododendron from the Carolina mountains. Bushy growth and deep green foliage. Flowers various shades of pink.

18 to 24 in.	8.00	75.00
-------------------	------	-------

Rhododendron c. compactum

2½ to 3 ft.	18.00
------------------	-------

Rhododendron maximum**ROSEBAY RHODODENDRON**

Long broad dark green leaves and tall growth. Delicate pink buds and white flowers bloom later than the others. Excellent for background and woods plantings.

2 to 2½ ft.	8.00
2½ to 3 ft.	12.00
3 ft. clumps	14.00

RHODODENDRONS ADD TO THE GLORY IN JUNE

RHODODENDRON HYBRIDS

With their large heads of flowers, varying in shades of bright crimson, pink or white, these are among our most striking of flowering shrubs. When not in bloom, the dark evergreen leaves give pleasing foliage effects. Many of the hybrids are not suitable as far north as this and we have selected and grown those of *Rhododendron catawbiense* parentage which have proved hardy. In planting, mix the soil with peat or leafmold, which has an acid reaction and is retentive of moisture during the summer. Heavy watering in the late fall will provide the plants with sufficient sap to carry them through the dormant winter period. Our plants are grown on their own roots from cuttings insuring strong growth.

"Ironclad" varieties for northern climates.

Album Elegans

Tall, narrow growth with light pink buds and white flowers.

	Each	Per 10	Per 100
15 to 18 in.	7.00	60.00	

America

Attractive bright red flowers. Rather spreading habit.

15 to 18 in.	8.00	70.00
-------------------	------	-------

Boule de Neige

A slow-growing variety forming bushy, compact plants. White flowers. Very hardy.

12 to 15 in. spread	7.50	65.00
15 to 18 in. spread	10.00	80.00
18 to 24 in. spread	12.50	

Caractacus

Dark crimson red. Compact in growth.

15 to 18 in.	8.00	70.00
-------------------	------	-------

Catawbiense Album

Pink buds opening with white flowers. A fine hardy variety.

15 to 18 in.	8.00	70.00
18 to 24 in.	10.00	
'2 to 2½ ft.	13.00	

Dr. H. C. Dresselhuys

Rich bright red. Upright growth.

15 to 18 in.	8.00
-------------------	------

Edward S. Rand

A fine bright crimson. Compact habit.

	Each	Per 10	Per 100
15 to 18 in.	8.00		
18 to 24 in.	10.00		
2 to 2½ ft.	13.00		

F. L. Ames

Attractive pink with white throat. Spreading habit of growth.

15 to 18 in.	8.00
18 to 24 in.	10.00

Ignatius Sargent

Light red with darker markings. Upright growth.

15 to 18 in.	8.00	70.00
18 to 24 in.	10.00	90.00

Mrs. Charles Sargent

Light red with greenish-yellow markings. Spreading growth.

15 to 18 in.	8.00	70.00
-------------------	------	-------

Mrs. P. den Ouden

Dwarf, bushy habit of growth bearing flowers of bright crimson.

12 to 15 in.	7.50
15 to 18 in.	10.00

Parson's Gloriosum

Attractive fresh pink flowers.

15 to 18 in.	8.00	70.00
-------------------	------	-------

Purpureum Elegans

Rich deep purple. Very hardy with deep green foliage.

15 to 18 in.	8.00	70.00
18 to 24 in.	10.00	80.00
2 to 2½ ft.	13.00	

Roseum Elegans

Rose pink. Bushy habit of growth and one of the best for foliage effects.

15 to 18 in.	8.00	70.00
18 to 24 in.	10.00	80.00

Rhododendron Fortunei Hybrids

Entirely new strain. Large clusters of soft pink (3 to 4 inch individual flowers). Fragrant. Plants propagated from selected seedlings for color and hardiness. A little earlier than Catawbiense hybrids.

12 to 15 in.	7.50
15 to 18 in.	10.00

Rhododendron Hybrid Seedlings

Grown from seed from selected named varieties. These produce blooms of red, pink, white or lavender. We cannot guarantee the colors.

	Each	Per 10	Per 100
12 to 15 in.	4.75	45.00	
15 to 18 in.	6.00	55.00	
18 to 24 in.	8.00	65.00	

Vinca minor**PERIWINKLE**

A trailing evergreen vine useful for cover in shady spots. Soft blue flowers in the spring.

Strong plants in pots	0.45	3.50	30.00
----------------------------	------	------	-------

Vinca m. Bowles' Variety

An improved form of the above with deep green foliage. The large blue flowers appear intermittently throughout the summer.

Strong plants in pots	0.50	4.50	40.00
----------------------------	------	------	-------

A SPECIMEN HYBRID LILAC ADDS INTEREST TO YOUR GARDEN

Deciduous Trees

Acer palmatum atropurpureum

DWARF BLOOD-LEAF MAPLE

Low bushy growth with red cut-leaved foliage.

	Each	Per 10	Per 100
12 to 15 in.	6.00		
15 to 18 in.	7.50		

Acer platanoides

NORWAY MAPLE

Broad, round-headed tree with deep green leaves. Very satisfactory for lawn or street planting.

8 to 10 ft.	10.50	95.00	900.00
10 to 12 ft.	13.00	125.00	

Acer p. schwedleri

SCHWEDLER MAPLE

Bright red leaves turning to bronze-green in the summer.

8 to 10 ft.	12.50
------------------	-------

Acer p. schwedleri nigra (Pat. No. 735)

CRIMSON KING MAPLE

Brilliant crimson foliage retaining its color throughout the summer. A striking novelty.

5 to 6 ft.	7.50
6 to 7 ft.	9.00

Acer rubrum

RED MAPLE

Green leaves turning brilliant red in autumn. Red flowers and seeds in the spring.

6 to 7 ft.	7.50	70.00
7 to 8 ft.	9.00	

Acer saccharum

SUGAR MAPLE

One of our finest shade trees for lawn or street planting. Clean, straight growth and well-developed head.

8 to 10 ft.	10.50
10 to 12 ft.	13.00
12 to 14 ft.	16.00

Betula papyrifera

CANOE BIRCH

White flaking bark on trunk and larger branches. **For Spring planting only.**

Clumps, 3 and 4 stems

5 to 6 ft. B.&B.	10.00
6 to 8 ft. B.&B.	14.00

Betula pendula gracilis**CUT-LEAF WEEPING BIRCH**

Graceful weeping habit and finely cut leaves. With age, the bark of the trunk and branches become white. **For spring planting only.**

	Each	Per 10	Per 100
6 to 8 ft. B.&B.	8.50		
8 to 10 ft. B.&B.	12.00	110.00	
10 to 12 ft. B.&B.	15.00	140.00	

Cornus florida**WHITE FLOWERING DOGWOOD**

Small tree of pleasing habit of growth. The masses of white fourbract flowers in the early spring are followed by bright red berries. One of the best fall foliage plants, as the orange-scarlet leaves remain for a considerable time.

4 to 5 ft. B.&B.	7.50	65.00
6 to 7 ft. B.&B.	12.00	
7 to 8 ft. B.&B.	15.00	140.00

Cornus f. rubra**RED FLOWERING DOGWOOD**

The flower bracts are deep pink or red and the masses of bloom are especially attractive.

3 to 4 ft. B.&B.	7.50	70.00
4 to 5 ft. B.&B.	11.00	

Cornus f. Cherokee Chief (Pat. No. 1710)

New variety with deep red flowering bracts.

4 to 5 ft. B.&B.	16.50
-----------------------	-------

Cornus kousa**JAPANESE DOGWOOD**

Creamy white flowers in June are followed by large red fruit resembling cherries.

3 to 4 ft. B.&B.	7.00	65.00
4 to 5 ft. B.&B.	8.50	80.00

Crataegus cordata (phaenopyrum)**WASHINGTON HAWTHORN**

Bushy, upright growth with dark green leaves. The white flowers are followed by shining red berries.

4 to 5 ft. B.&B.	6.50	
5 to 6 ft. B.&B.	8.50	75.00
8 to 10 ft. B.&B.	18.00	

Crataegus oxycantha**DOUBLE FLOWERED HAWTHORN**

The flowers are borne in clusters of small rosettes during the latter part of May.

	Each	Per 10	Per 100
Paul's Scarlet			
5 to 6 ft.	6.00	50.00	
Double Pink			
5 to 6 ft.	6.00	50.00	

Fagus sylvatica riversi RIVERS PURPLE BEECH

Large tree of excellent habit of growth. The leaves are reddish purple throughout the summer.

3 to 4 ft. B.&B. 12.50

Gleditsia triacanthos inermis HONEY LOCUST

Dark green foliage of lacy compound leaves giving a light shade. A fast-growing tree of good habit.

7 to 8 ft.	9.00	80.00
8 to 10 ft.	11.00	100.00
10 to 12 ft.	13.50	125.00

Gleditsia t. inermis Moraine (Pat. No. 836)**MORAINÉ LOCUST**

A selected strain of the above without seed pods. Tall and vase shaped as it matures.

8 to 10 ft.	13.50	120.00
10 to 12 ft.	15.00	135.00

Gleditsia t. inermis Shademaster (Pat. No. 1515)**SHADEMASTER LOCUST**

A selected form with strong upright growth making a very attractive tree.

8 to 10 ft.	13.50	125.00
10 to 12 ft.	16.00	150.00

Gleditsia t. inermis Sunburst (Pat. 1313)**SUNBURST LOCUST**

New. Foliage bright golden yellow. Attractive accent in home planting.

5 to 6 ft.	8.00
6 to 7 ft.	10.00

Laburnum vossii**GOLDEN CHAIN**

Small tree with dark green leaves bearing long racemes of golden yellow flowers. **For spring planting only.**

5 to 6 ft. B.&B.	7.50	70.00
6 to 7 ft. B.&B.	9.00	

Magnolia soulangeana **SAUCER MAGNOLIA**

The large cup-shaped blooms of pink make a conspicuous effect in early spring.

	Each	Per 10	Per 100
2 to 3 ft. B.&B.	6.50		
3 to 4 ft. B.&B.	9.00		

Magnolia stellata **STAR MAGNOLIA**

Dwarf busy growth. The pure white star-shaped flowers appear early in the spring.

15 to 18 in. bushy B.&B. 7.50

MALUS — The Flowering Crab-apples

This group of small trees, attaining a height of eight to twenty feet, is one of the most satisfactory for northern New England. A wealth of bloom in May, varying from pure white to bright scarlet, is followed by another season of color in the fall, when the small fruits of yellow or red, lasting until freezing weather, provide very welcome food for the birds. For late transplanting after about May 1st, these should be dug with a ball of earth. Extra charge for balling 3 ft. size 90 cents; 4 ft. size \$1.50; 5 ft. size \$2.00; 6 ft. size \$3.00.

Malus Almey **ALMEY CRAB**

Large red flowers with white centers giving a charming effect. Dark red fruit in abundance carried until hard freezes. A new variety of merit.

4 to 5 ft.	4.50
5 to 6 ft.	6.00
6 to 7 ft.	8.00

Malus atrosanguinea **CARMINE CRAB**

Beautiful carmine buds and crimson flowers. Red fruit

5 to 6 ft.	6.00
-----------------	------

Malus eleyi **ELEY CRAB**

Large, rose-pink flowers followed by red fruit, like cherries.

5 to 6 ft.	6.00
6 to 7 ft.	8.00

Malus floribunda**JAPANESE FLOWERING CRAB**

Multitudes of pink buds opening to white. Small red fruit.

3 to 4 ft.	3.50
4 to 5 ft.	4.50
5 to 6 ft.	6.00
6 to 7 ft.	8.00

Malus hopa **HOPA CRAB**

Rose-pink flowers and bronze-green foliage. Fruit red.

	Each	Per 10	Per 100
4 to 5 ft.	4.50		
5 to 6 ft.	6.00		
6 to 7 ft.	8.00		

Malus lemoinei **LEMOINE CRAB**

A valuable new hybrid with red flowers followed by red, cherry-like fruit.

4 to 5 ft.	4.50
5 to 6 ft.	6.00
6 to 7 ft.	8.00

Malus Mary Potter **MARY POTTER CRAB**

Variety from the Arnold Arboretum. Spreading habit of growth. Pink buds and white flowers followed by bright red fruit.

4 to 5 ft.	4.50
-----------------	------

Malus Red Silver

Attractive reddish leaves with a silvery under-color. Red flowers followed by red fruit.

6 to 7 ft.	8.00
8 to 9 ft.	12.50

Malus robusta **CHERRY CRAB**

Strong, vigorous growth. Flowers white followed by red and yellow fruit the size of cherries.

4 to 5 ft.	4.50
5 to 6 ft.	6.00

Malus sargentii **SARGENT CRAB**

Dwarf, spreading habit. Flowers white, fruit small and dark red.

2 to 3 ft.	6.00
-----------------	------

Malus scheideckeri **SCHEIDECKER CRAB**

Small pyramidal tree. Lovely semi-double soft pink flowers and yellow fruit.

3 to 4 ft.	3.50
-----------------	------

Malus theifera (hupehensis) **TEA CRAB**

Fragrant, delicate pink flowers are borne in great abundance. Small yellow and red fruit.

3 to 4 ft.	3.50
4 to 5 ft.	4.50

Malus zumi calocarpa**ZUMI CRAB**

Compact habit of growth. Pink buds opening into white flowers. Small round fruit of bright red.

	Each	Per 10	Per 100
3 to 4 ft.	3.50		
4 to 5 ft.	4.50		
5 to 6 ft.	6.00		

Populus nigra italica**LOMBARDY POPLAR**

Very fast narrow habit of growth. Useful for screen or boundary planting.

5 to 6 ft.	3.00
6 to 7 ft.	4.50

Prunus blireiana Thundercloud**RED-LEAVED PLUM**

Attractive small tree. White flowers. Deep red foliage all summer.

6 to 7 ft.	8.00
-----------------	------

Quercus borealis (ruba)**RED OAK**

A tree of noble proportions with large spreading branches.

6 to 7 ft.	8.00
7 to 8 ft.	11.00

Quercus coccinea**SCARLET OAK**

A handsome Oak growing to 80 feet. Scarlet foliage in autumn.

6 to 7 ft.	8.00	75.00
7 to 8 ft.	11.00	100.00
8 to 10 ft.	15.00	

Quercus palustris**PIN OAK**

Broad pyramidal habit with slightly drooping branches. Leaves glossy green.

6 to 7 ft.	8.00	75.00
7 to 8 ft.	11.00	
8 to 10 ft.	15.00	135.00

Salix niobe**GOLDEN WEEPING WILLOW**

A tree of rapid growth with slender, drooping branches. The yellow bark is very decorative during the winter. **For spring planting only.**

5 to 6 ft.	3.00	27.00
6 to 8 ft.	4.00	36.00
8 to 10 ft.	7.00	65.00

Sorbus aucuparia EUROPEAN MOUNTAIN ASH

Small tree with fine foliage. Fragrant, white flowers are followed by clusters of scarlet berries in the early fall.

8 to 10 ft.	9.00
10 to 12 ft.	11.00

Deciduous Shrubs

Aronia arbutifolia brilliantissima CHOKEBERRY

Branching growth with medium green foliage. Clusters of round bright red berries in the fall.

	Each	Per 10	Per 100
2 to 3 ft.	2.50		

Azalea calendulacea FLAME AZALEA

The most colorful of our native Azaleas. The clusters of flowers range from lemon-yellow to fiery-red.

15 to 18 in. B.&B.	5.00
18 to 24 in. B.&B.	6.00

Azalea gandavense GHENT HYBRID AZALEA

Hybrids of our native Azaleas and Caucasian types noted for their brilliant colors.

12 in. B.&B.	5.00
15 in. B.&B.	6.00
18 in. B.&B.	7.50

- Bouquet de Flore** — pink and white. 12 in.
- Coccinea Speciosa** — vivid orange red. 12 in.
- Corneille** — soft pink double flowers. 12 in., 15 in.
- Fanny** — single rose pink. 12 in., 15 in., 18 in.
- Nancy Waterer** — single golden yellow. 12 in.
- Narcissiflora** — double sulphur yellow. 12 in.
- Pallas** — orange and salmon-red. 12 in., 15 in., 18 in.
- Raphael de Smet** — double, soft pink or blush. 12 in.

Azalea Hinomayo

Rather spreading habit of growth. Flowers of soft clear pink in abundance.

12 to 15 in. B.&B.	6.00	50.00
-------------------------	------	-------

Azalea japonica JAPANESE AZALEA

Large flowers of red or orange with buff tones. Hardy.

12 to 15 in. B.&B.	5.00
15 to 18 in. B.&B.	6.00

Azalea kaempferi TORCH AZALEA

A popular, free-flowering variety of coral-pink to red. Very attractive as a landscape accent.

15 to 18 in. B.&B.	5.50	50.00
18 to 24 in. B.&B.	7.00	65.00

Azalea kaempferi Red

A selection of red seedlings of deeper color.

15 to 18 in. B.&B.	6.50
-------------------------	------

Azelea lediflora alba**SNOW AZALEA**

Semi-evergreen. The large, pure white blooms are especially attractive. Spreading growth.

	Each	Per 10	Per 100
12 to 15 in. B.&B.	4.50	40.00	
15 to 18 in. B.&B.	6.00	55.00	

Azalea mucronulatum**MONGOLIAN AZALEA**

Hardy, tall-growing variety bearing delicate rosy-lilac flowers. Blooms very early and makes an attractive display.

15 to 18 in. B.&B.	5.00
18 to 24 in. B.&B.	6.00

Azalea nudiflora**PINXTERFLOWER**

Pink or blush white flowers in early May. Our hardy native variety.

12 to 15 in. B.&B.	3.50	32.50
15 to 18 in. B.&B.	4.00	37.50

Azalea occidentalis Irene Koster

Pure, soft pink with small yellow markings.

15 to 18 in. B.&B.	6.00	55.00
-------------------------	------	-------

Azalea poukhanensis**KOREAN AZALEA**

Spreading growth, semi-evergreen. The large rose-purple flowers appear very early.

12 to 15 in. B.&B.	5.00	45.00
15 to 18 in. B.&B.	6.00	55.00

Azalea rosea**ROSE SHELL AZALEA**

Soft pink flowers in May. Fragrant.

12 to 15 in. B.&B.	4.00	35.00
15 to 18 in. B.&B.	4.50	

Azalea schlippenbachii**ROYAL AZALEA**

Large (3 inch) flowers of shell pink in early May. The plants are of compact symmetrical growth with attractive foliage throughout the summer. Hardy.

12 to 15 in. B.&B.	5.00
-------------------------	------

Azalea vaseyi**PINK SHELL AZALEA**

A native of the Carolina mountains. It is hardy in northern New Hampshire. The deep shell pink flowers appear in early spring.

12 to 15 in. B.&B.	4.00	37.50
15 to 18 in. B.&B.	5.00	

Azalea vuykiana**VUYK AZALEA**

A group introduced in Holland with attractive glossy green foliage.

	Each	Per 10	Per 100
12 to 15 in. B.&B.	5.00		
15 to 18 in. B.&B.	6.50		

Beethoven — deep orchid, spreading growth. 12 in., 15 in.

Mozart — silvery pink. 15 in., 18 in.

Palestrina — greenish white buds and white flowers. 12 in., 15 in.

Berberis thunbergi**JAPANESE BARBERRY**

Popular for low hedges and borders of shrub plantings as barriers against dogs. Bright scarlet fruit.

18 to 24 in.	0.85	7.50	65.00
-------------------	------	------	-------

Berberis t. atropurpurea**RED-LEAVED BARBERRY**

Very attractive with bronze-red foliage all summer.

15 to 18 in.	1.15	10.00
18 to 24 in.	1.40	13.50

Buddleia, Charming**BUTTERFLY BUSH**

Long spikes of soft lilac-pink flowers in late summer.

2 yr. plants in pots	1.50	14.00
---------------------------	------	-------

OUR PINK DOGWOOD IN BLOOM

Buddleia, Ile de France

Deep rosy-lilac flowers in August to frost.

	Each	Per 10	Per 100
2 yr. plants in pots	1.50	14.00	

Clethra alnifolia**SUMMERSWEET**

Dark, glossy green foliage and upright spikes of white flowers in late summer. Good in shade.

18 to 24 in.	1.50	13.00
-------------------	------	-------

Cornus alba siberica RED-BARKED DOGWOOD

Large shrub, bark bright red in winter months.

2 to 3 ft.	1.50	13.50
3 to 4 ft.	1.75	16.00

Cornus mas**CORNELIAN CHERRY**

Large shrub or small tree. Clusters of yellow flowers in early spring. Bright red edible fruit.

2 to 3 ft.	2.50
3 to 4 ft.	3.00

Cotoneaster adpressa praecox**EARLY COTONEASTER**

Spreading growth with arching branches and dark green foliage. Large, bright red berries throughout the autumn.

12 to 15 in. B.&B.	3.50	32.50
18 to 24 in. B.&B.	5.25	

Cotoneaster divaricata**SPREADING COTONEASTER**

Medium height with arched, spreading branches. Leaves small and shining green; dark red ornamental fruit.

18 to 24 in. B.&B.	2.50	22.50
2 to 3 ft. B.&B.	3.25	30.00
3 to 4 ft. B.&B.	4.00	

Cotoneaster horizontalis ROCK COTONEASTER

Dwarf, spreading growth. Small shining green leaves with small pink flowers followed by scarlet berries.

6 to 9 in. in pots	2.00	18.00
9 to 12 in. in pots	2.50	22.50
12 to 15 in. B.&B.	3.00	
15 to 18 in. B.&B.	3.75	

Cydonia japonica rubra FLOWERING QUINCE

The very early blossoms of red are followed by large yellow fruit.

18 to 24 in. in pots	2.40	22.50
---------------------------	------	-------

Deutzia gracilis**DWARF DEUTZIA**

Small, compact bush with single white flowers in May.

	Each	Per 10	Per 100
12 to 15 in.	1.50	12.50	
15 to 18 in.	1.75	15.00	

Enkianthus companulatus**REDVEIN ENKIANTHUS**

Clusters of bell-shaped flowers of creamy white, veined red. Foliage glossy green turning brilliant red at frost.

18 to 24 in. B.&B.	4.50	40.00
2 to 3 ft. B.&B.	5.50	50.00

Euonymus alatus CORK-BARKED EUONYMUS

Very attractive. Of symmetrical growth the limbs heavily encrusted with corky wings. Brilliant red foliage in the fall.

2 to 2½ ft.	3.25	30.00
2½ to 3 ft.	4.00	37.50

Courtesy of A.A.N.

A WELCOME TO THE HOUSE

Euonymus a. compacta DWARF EUONYMUS

A dwarf form of *E. alatus*. The foliage turns fiery red in the autumn.

	Each	Per 10	Per 100
15 to 18 in.	2.00	18.00	
18 to 24 in.	2.75	25.00	

Forsythia Beatrix Farrand

Originated at the Arnold Arboretum. Large, clear yellow flowers. Considered hardier than most varieties.

2 to 3 ft.	2.00	17.50
3 to 4 ft.	2.50	20.00

Forsythia intermedia spectabilis**SHOWY GOLDEN BELL**

Clear yellow flowers in abundance in early spring.

2 to 3 ft.	1.75	16.00
3 to 4 ft.	2.00	18.00

Forsythia Lynwood Gold

Masses of golden yellow flowers covering the branches in early spring. Strong, bushy growth. A fine new addition.

2 to 3 ft.	2.00	17.50
3 to 4 ft.	2.50	20.00
4 to 5 ft.	3.25	

Forsythia Spring Glory

A new variety bearing pale yellow flowers in great profusion, literally covering the twigs.

2 to 3 ft.	2.00	17.50
3 to 4 ft.	2.50	20.00

Hibiscus syriacus ALTHEA-ROSE OF SHARON

Large flowers in August and September. These should be planted in the spring only.

Single blue, pink or white	2.00	
-------------------------------------	------	--

Hydrangea arborescens grandiflora**HILLS OF SNOW**

Large flat heads of white in July and August.

Extra strong plants	1.75	16.00
---------------------------	------	-------

Hydrangea paniculata grandiflora**COMMON HYDRANGEA**

Pyramidal heads of flowers, white changing to rose-pink.

2 to 3 ft.	1.75	16.00
-----------------	------	-------

Hypericum Hidcote**ST. JOHNSWORT**

Low shrub bearing golden yellow flowers July to frost.

	Each	Per 10	Per 100
2 yr. plants	2.00		

Ilex verticillata**WINTERBERRY**

Large shrub with bright red berries in the late fall.

18 to 24 in.	1.60	15.00	
-------------------	------	-------	--

Kolkwitzia amabilis**BEAUTY BUSH**

The slender, arching branches are covered with small bell-shaped flowers of soft salmon-pink in June.

2 to 3 ft.	1.90	18.00	160.00
-----------------	------	-------	--------

Ligustrum ibolium**IBOLIUM PRIVET**

Heavy, glossy foliage and upright growth, resembling California Privet but much more hardy.

2 to 3 ft.		5.00	40.00
3 to 4 ft.		6.00	50.00
4 to 5 ft.		8.00	70.00

Lonicera tatarica**TATARIAN HONEYSUCKLE**

Large bush with arching branches which are covered in May with pink flowers. Bright red berries.

2 to 3 ft.	1.50	12.50	
3 to 4 ft.	1.75	16.00	

Lonicera t. rubra**RED HONEYSUCKLE**

Deep red flowers making a striking display in May.

3 to 4 ft.	2.00	18.00	
-----------------	------	-------	--

Myrica pensylvanica**BAYBERRY**

Attractive low shrub bearing masses of grayish white berries well into the winter. Will grow in poor soil.

12 to 15 in. B.&B.	2.25	20.00	
15 to 18 in. B.&B.	2.75	25.00	
18 to 24 in. B.&B.	3.25	30.00	

Philadelphus coronarius**MOCKORANGE**

The well-known "Syringa". Large shrub bearing pure white single blossoms in June and July.

3 to 4 ft.	2.00	17.00	
-----------------	------	-------	--

Philadelphus virginalis**VIRGINAL SYRINGA**

Snowy white, semi-double flowers in June and occasionally throughout the summer. One of the best.

2 to 3 ft.	1.85	17.00	
-----------------	------	-------	--

Potentilla**CINQUEFOIL**

Low-growing shrub with light green, divided foliage. Attractive single, yellow flowers from June until frost.

Klondyke—deep golden yellow. Large Flowers.

	Each	Per 10	Per 100
Strong plants	2.50	22.50	

Prunus glandulosa**DOUBLE-FLOWERING ALMOND**

Masses of double pink rosettes, appearing before the leaves, make a colorful spot in the spring landscape.

2 to 3 ft.	2.25	20.00
-----------------	------	-------

Prunus tomentosum**MANCHU CHERRY**

Large bush with pale pink flowers appearing just before the leaves. The small cherries are both ornamental and edible.

2 to 3 ft.	2.00	18.50
3 to 4 ft.	2.50	

Prunus t. Hally Jolivet

Originated at the Arnold Arboretum by Dr. Sax. This variety flowers for a longer period than the above. Attractive soft pink flowers.

4 to 5 ft.	4.50	40.00
5 to 6 ft.	6.50	60.00

Rhus cotinus**SMOKE BUSH**

Large bush bearing long finely-cut petals of smoky purple in midsummer.

2 to 3 ft.	2.50
3 to 4 ft.	3.25

Rosa rugosa (see Various Roses)**Spiraea bumalda, Anthony Waterer****WATERER SPIREA**

Dwarf variety with flat heads of carmine-pink flowers. June to August.

15 to 18 in.	1.75	15.00
-------------------	------	-------

Spiraea b. coccinea DWARF CRIMSON SPIREA

Dwarf in growth with flat heads of crimson.

18 to 24 in.	2.25	20.00
-------------------	------	-------

Spiraea van houttei **VAN HOUTTE SPIREA**

Very graceful shrub, the arching branches bending beneath the masses of small white blossoms.

	Each	Per 10	Per 100
2 to 3 ft.	1.65	13.50	120.00
3 to 4 ft.	2.00	17.00	150.00
4 to 5 ft.	3.00		

Symphoricarpos albus **SNOWBERRY**

Small pink flowers, followed by ornamental white marble-shaped fruit which continues into early winter.

2 to 3 ft.	1.75
-----------------	------

Syringa chinensis **CHINESE LILAC**

Graceful, arching branches with narrow leaves. Large heads of rosy-lavender flowers.

2 to 3 ft.	2.50
-----------------	------

Syringa vulgaris **COMMON PURPLE LILAC**

Deservedly popular on account of its abundance of bloom and its dark green foliage seldom affected by insects.

2 to 3 ft. bushy	2.50	22.50	200.00
3 to 4 ft. bushy	3.75	35.00	

Syringa v. Hybrids

Our collection of these magnificent flowering plants embraces a wide range of color from pure white, pink and lavender to deep reddish-purple. Our "own root" plants ensure strong healthy growth for many years.

2 ft. B.&B.	3.50
2½ ft. B.&B.	4.00
3 ft. B.&B.	4.75

SINGLE VARIETIES**Capitaine Baltet**

2 ft., 2½ ft.

Very large flowers in huge loose heads. Purple blue.

Congo

2 ft., 2½ ft.

A beautiful lively deep red. Slow growth.

Lucie Baltet

2 ft., 2½ ft., 3 ft.

Medium-sized flowers of flesh-pink. The nearest to true pink which we have seen.

Ludwig Spaeth

2 ft.

Extra fine, deep purplish-red.

Mme. Florent Stepman 2 ft., 2½ ft., 3 ft.	Broad, full heads of white, faintly tinted cream at base.
Monge 2 ft., 2½ ft.	Extra large flowers of deep purplish red in open well-filled clusters. A fine variety.
President Lincoln 2 ft.	Long pyramidal clusters of clear light blue.
Vestale 2½ ft., 3 ft.	Large well shaped heads, ivory buds opening into white flowers. Very attractive.

DOUBLE VARIETIES

Belle de Nancy 2 ft., 2½ ft.	Brilliant satiny rose with lighter centers.
Charles Joly 2 ft., 2½ ft.	Deep purplish-red. Narrow upright growth.
Edith Cavell 2 ft.	Extra large flowers are borne in long spreading clusters. Buds pale yellow opening to pure white.
Ellen Willmott 2 ft., 2½ ft.	Double flowers of creamy white borne on large heads.
Georges Bellair 2 ft., 2½ ft.	Large flowers in broad pyramidal clusters. Reddish buds opening into rosy-carmine flowers.
Katherine Havemeyer 2 ft., 2½ ft.	Massive heads of semi-double flowers, light blue flushed reddish-lilac.
Mme. Lemoine 2 ft., 2½ ft.	An attractive ivory white. Upright in habit and growth.
Mrs. W. E. Marshall 2 ft., 2½ ft.	Good-sized flowers of deep blackish purple.
Paul Thirion 2 ft.	Massive heads of rosy-lilac with lighter tints.
President Grevy 2 ft., 2½ ft., 3 ft.	Very attractive light blue. Bushy habit of growth.

President Poincaire

2 ft., 2½ ft.

Exceptionally large flowers of reddish lavender in massive heads.

President Viger

2 ft., 2½ ft., 3 ft.

Long narrow heads of lavender-blue.

Princess Clementine

2 ft., 2½ ft.

Sulphur yellow buds opening to clear white. Mid-season to late.

Vaccinium hybrid varieties (See Fruit Sec. Page 36.)**Viburnum americanum (V. trilobum)****AMERICAN CRANBERRYBUSH**

White flowers and bunches of large red berries, which remain nearly all winter.

	Each	Per 10	Per 100
2 to 3 ft.	1.75		
3 to 4 ft.	2.25	20.00	

Viburnum carlesi **MAYFLOWER VIBURNUM**

The clusters of small pink and white flowers in early May resemble the Mayflower in color and sweet fragrance.

15 to 18 in. B.&B.	2.75	25.00
18 to 24 in. B.&B.	3.50	32.50
2 to 2½ ft. B.&B.	4.75	45.00

Viburnum dentatum**ARROW-WOOD**

Compact, large-growing shrub. Flat heads of white flowers succeeded by many clusters of blue-black berries.

3 to 4 ft.	2.50	22.50
4 to 5 ft.	3.25	30.00
5 to 6 ft.	4.75	45.00

Viburnum opulus sterile **COMMON SNOWBALL**

Many round clusters of white flowers, like small snowballs, are borne in May and June.

2 to 3 ft.	2.25	20.00
-----------------	------	-------

Viburnum setigerum**TEA VIBURNUM**

Dark green foliage, white flowers in June succeeded by bright red berries in clusters.

2 to 3 ft.	2.25
3 to 4 ft.	3.00

Viburnum sieboldi**SIEBOLD VIBURNUM**

Large shining green leaves. White flowers followed by pinkish to black fruit.

3 to 4 ft.	3.00
-----------------	------

Viburnum tomentosum**DOUBLEFILE VIBURNUM**

Large shrub of compact habit. Large flat flower clusters of white succeeded by black fruit.

	Each	Per 10	Per 100
2 to 3 ft.	2.50	22.50	
3 to 4 ft.	3.00	27.50	

Viburnum wrighti**WRIGHT VIBURNUM**

Attractive shrub of medium size. Fruits in clusters of bright red in September.

2 to 3 ft.	3.00
3 to 4 ft.	4.50

Weigela rosea**PINK WEIGELA**

Showy, rose-pink flowers in abundance.

2 to 3 ft.	1.75	16.50
-----------------	------	-------

Weigela vaniceki**RED WEIGELA**

A fine hardy variety bearing deep red flowers in abundance.

3 to 4 ft.	2.25	20.00
-----------------	------	-------

FOR LATE SPRING AND EARLY FALL PLANTING

The prices of Deciduous Shrubs other than those specified "B. & B." are for plants dug with bare roots. Between May 15th and October 15th when the plants are in leaf, shrubs may be dug with a ball of earth and burlapped. This assures less wilting and delay in growth. The additional cost for handling in this way will be:

Plants 2 to 3 ft.	0.50 ea.
Plants 3 to 4 ft.	0.75 ea.
Plants 4 to 5 ft.	1.00 ea.
Plants 5 to 6 ft.	1.25 ea.

Vines

Ampelopsis quinquefolia

AMERICAN WOODBINE

Especially decorative in the fall, with its blue berries and red and yellow foliage.

	Each	Per 10	Per 100
Strong Plants	\$1.00	\$ 9.00	
In pots after May 10th	1.40	13.00	

Ampelopsis tricuspidata (Veitchi) BOSTON IVY

Dark glossy green leaves. Clings closely to brick or stone walls.

3 yr. strong	1.25	11.00
In pots after May 10th	1.60	

Aristolochia sipho

DUTCHMAN'S PIPE

Excellent for a dense screen, as the broad leaves overlap and make a complete shade.

Strong plants, in pots	2.25	20.00
-----------------------------	------	-------

Celastrus scandens

BITTERSWEET

Twining vine, bearing scarlet and orange berries in late fall.

Strong plants	1.25	10.00
---------------------	------	-------

Clematis paniculata

SWEET AUTUMN CLEMATIS

Very rapid in growth with masses of small white flowers. highly perfumed. August and September.

Strong plants in pots	1.50	14.00
----------------------------	------	-------

Hedera helix baltica (Hardy English Ivy)

See Evergreen shrubs

Hydrangea petiolaris CLIMBING HYDRANGEA

Hardy climbing plant with glossy green leaves and flat heads of white flowers.

Strong plants in pots	2.00	17.50
----------------------------	------	-------

Lonicera heckrotti GOLDEN HONEYSUCKLE

Trumpet-shaped flowers of flame-pink with yellow throat are produced throughout the summer. Strong rapid growth.

2 yr. plants in pots	1.50	13.50
----------------------------	------	-------

Lonicera japonica halliana**HALL'S HONEYSUCKLE**

Yellow and white flower. The foliage is evergreen in protected places. Excellent for a ground cover.

	Each	Per 10	Per 100
2 yr. plants	0.85	7.50	55.00

Polygonum auberti**CHINA FLEECEVINE**

Fast, twining growth. Masses of fine, lacy white flowers in late summer and fall.

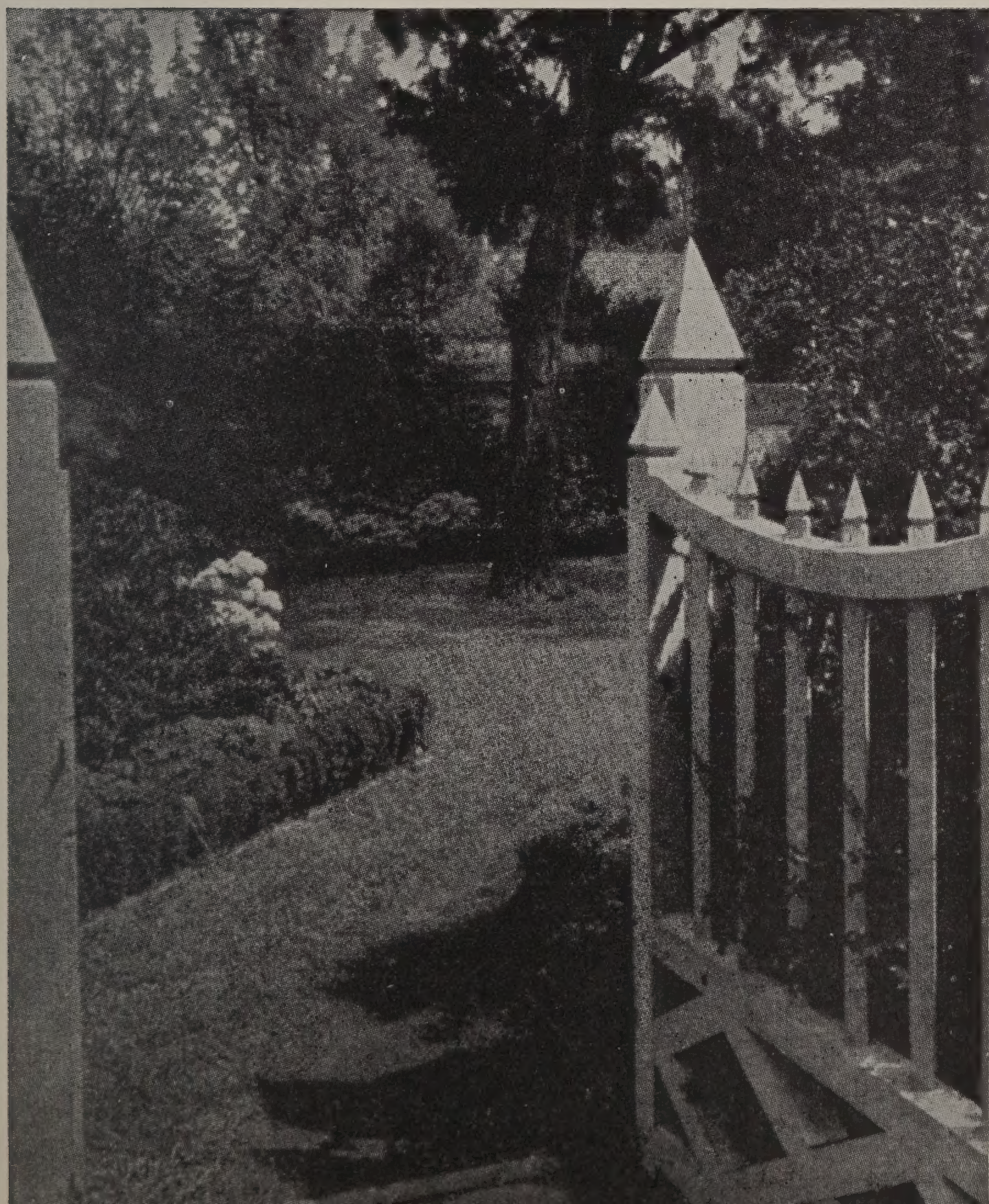

2 yr. plants in pots	1.90	18.00
----------------------------	------	-------

Vinca minor (Periwinkle) (See Evergreen shrubs)**Wistaria chinensis****WISTARIA**

Long, drooping racemes of purple flowers. Fine for a trellis or pergola. Rooted layers from flowering plants.

2 yr. plants	1.75	15.00
In pots after May 10th	2.10	

COME INTO THE GARDEN

Fruit Trees

The home grounds are scarcely complete without some fruit trees. The flavor of fruit ripened on the plant has a delicacy which more than compensates for the care expended in cultivation.

Our list comprises varieties which we believe are satisfactory for this latitude.

Fruit trees, except Apples and Pears, should be planted in the Spring only.

APPLES

	Each	Per 10	Per 100
2 yr. 11/16" caliper	\$2.50	\$22.50	

Fall Varieties

Cortland — One of the McIntosh seedlings, resembling the McIntosh a great deal and even a better keeper.

McIntosh — Bright red with crisp white flesh. One of the best eating apples.

Red Gravenstein — An old-time favorite, extra fine. Of large size with a delicate striping of yellow and red.

Winter Varieties

Baldwin — An old New England favorite. Deep red and of good size. Keeps well through the winter.

Red Delicious — A choice winter apple with a sprightly aroma and, as its name implies, is really delicious in taste.

DWARF APPLES

These are grafted on Malling No. 9 roots which produce dwarf trees, and bear at an earlier age. Valuable for home grounds where space is limited.

2 yr. strong 3.25

MacIntosh

Red Delicious

PEARS

No. 1, 4 to 6 ft. 2.25 20.00

Bartlett—An early variety. Considered one of the sweetest of all. Excellent for preserving or eating.

Beurre Bosc — Late and a good keeper. Dark russet and very sweet.

DWARF PEARS

	Each	Per 10
Bartlett — No. 1, 9/16"	3.00	

PEACHES

No. 1, 4 to 6 ft.	1.80	17.00
------------------------	------	-------

Belle of Georgia — Early, free stone peach. White flesh with red cheek.

Elberta — Considered one of the best shippers and great for canning. Ripens in mid-September.

Golden Jubilee — A new very early yellow-flesh variety of fine shape and color.

Hale Haven — Very handsome fruit of contrasting red and yellow. Early.

CHERRIES

No. 1, 4 to 6 ft.	3.25
------------------------	------

Black Tartarian — Large sweet fruit, almost black.

PLUMS

No. 1 11-16 in. cal. 5 to 6 ft.	
	2.50 22.50

Abundance — Extra good-sized red plum and very popular for both eating and canning.

BLUEBERRIES

The following varieties have been selected for their heavy-bearing qualities of exceptionally large fruit. For planting in the garden or shrub border.

18 to 24 in. in pots	2.25	20.00
----------------------------	------	-------

Blue Crop — Midseason. Large, light blue fruit.

Coville — Very late. Light blue of firm quality.

Earliblue — Early. Firm light blue berries.

Jersey — Late. Large, light blue berries.

Rancocas — Early. Produces freely on tall stems.

GRAPEVINES

While some of these are old standbys, yet they are still worthy of a place in any garden.

	Each	Per 10
Strong 2 yr.	.70	6.00
In pots, for late spring planting	1.10	

Concord — Late, blue, an old popular variety.

Fredonia — The earliest blue grape, fruit large and sweet

Niagara — Large, white, honey-sweet.

ASPARAGUS

Strong plants 1.90 per 25; 6.00 per 100

Waltham Washington — A new selection of Mary Washington recommended for rust resistance as well as their quality and productivity.

A PLEASANT PLACE TO SPEND AN AFTERNOON

Roses

In our northern climate, roses must be selected with a thought for hardiness and vigor as well as the bright color effects desired in the garden. Our list covers a wide range of color and we have found these to be vigorous. In this latitude the plants should be protected for the winter by heaping earth around them and then covering with a mulch so that they are covered six inches deep. In the spring prune back to live wood.

All our Roses are potted in generous-sized containers. In planting, slit the paper pot leaving the earth intact and plant about three inches deeper. They will then be well-established to grow rapidly for bloom in June and throughout the summer.

Our potted Roses will not be ready for planting in your garden before May 10th when they will be in leaf and bud. We would suggest, however, that you place your order early so that we may reserve for you the kinds you would like, as sometimes by May 10th some varieties are all sold out. Due to the weight and bulk of potted Roses, we find it impractical to ship these. We ask that you pick them up at the nursery.

As roses need more aftercare than flowering shrubs, we cannot be responsible for their growth after they leave the nursery and any complaints must be made within ten days after being received.

We may be out of certain kinds and will substitute varieties similar in color unless otherwise directed. Please advise us if you do not wish substitutes.

We do not recommend the fall planting of roses for this latitude.

HYBRID TEA ROSES

These will give an abundance of bloom from June until frost. They should be fertilized liberally every year and given some protection from the sun and frost during the winter.

	Each	Per 10
Potted Plants	\$1.95	\$18.00

(Unless otherwise noted)

Available after May 10th

Carrousel (Patent No. 1066) — Grandiflora. Buds and flowers of deep red. All summer. Long stems. \$2.40 each.

Charlotte Armstrong — Blood red buds and cerise flowers on long stems.

- Chrysler Imperial** (Patent No. 1167) — Long buds of dark velvet red opening into sparkling red flowers. All America 1953. \$2.90 each.
- Condesa de Sastago** — Deep coppery pink petals colored golden-yellow on the reverse side making a charming two-toned flower.
- Crimson Glory** — Deep vivid crimson blooms on vigorous bushes. Very fragrant.
- Eclipse** — Distinctive tapering buds of yellow. Abundant bloomer. One of the best all-purpose yellow Roses.
- Etoile de Holland** — One of the world's best. Very hardy and vigorous. Beautiful crimson-red blossoms.
- Frau Karl Druschki** — One of the very best of the pure white varieties.
- Garden Party** (Patent No. 1814) — All America 1960. A seedling of Peace, it produces large full flowers of creamy yellow and pink. \$3.75 each.
- Helen Traubel** (Patent No. 1028) — Long pointed buds opening into flowers of luminous pink suffused with apricot lights. \$3.25 each.
- John S. Armstrong** (Patent applied for) — Grandiflora. All America 1962. Very large full flowers of non-fading red make this a valuable addition to the garden. \$3.90 each.
- K. A. Victoria** — Beautiful, well-formed, pointed buds of creamy-white.
- Kordes Perfecta** (Patent No. 1604) — Creamy white buds opening into large, full flowers of a charming combination of pink, cream and yellow. \$3.75 each.
- Mojave** (Patent No. 1176) — Apricot-orange with nasturtium-red and scarlet. Long pointed buds. \$3.00 each.
- Mrs. P. S. duPont** — Continuous bloomer on extra strong canes. Flowers deep golden yellow both in bud and flower.
- New Yorker** (Patent No. 823) — An enormous clear, sparkling, red rose that holds its color. Buds darker in color than the open blooms. Very exceptional. \$2.90 each.
- Peace** — Oval buds golden yellow etched with pink. As they open the color changes from canary yellow to pale golden, to iridescent cream. Flowers are five inches across.
- Pink Favorite** (Patent No. 1523) — Pointed buds and flowers of clear deep pink. The foliage is glossy green and mildew resistant. \$2.80 each.

Pink Parfait (Patent No. 1904) — Grandiflora. All America 1960. Buds of deep pink open into delightful blends of soft pink. Free flowering. \$3.50 each.

Queen Elizabeth (Patent No. 1259) — Grandiflora. An abundance of flowers of good size, soft rose pink with flesh pink lights. \$2.80 each.

Radiance — A strong, vigorous and hardy variety bearing large rose-pink flowers, globular in shape.

Soeur Therese — Long pointed buds of rich yellow with reddish markings at base of petals. Fragrant.

Starfire (Patent No. 1742) — Grandiflora. All America 1959. Glowing currant red. Excellent foliage and growth. \$3.00 each.

Sterling Silver (Patent No. 1433) — Long pointed buds opening into large flowers of lavender with a silvery sheen. Dark green foliage. \$3.50 each.

White Knight (Patent No. 1359) — A fine new introduction of satiny white flowers that do not discolor. All-America Award for 1958. \$3.30 each.

CLIMBING ROSES

	Each	Per 10
Potted Plants	\$1.95	\$18.00

(Unless otherwise noted)

Available after May 10th

Blaze (The New Blaze) — Bright scarlet-red flowers of large size borne freely on strong stems. Often a recurrent bloomer.

Golden Showers (Patent No. 1557) — Rich yellow flowers of large size. This new variety blooms over a long period. \$3.00 each.

Mary Wallace — Charming flowers of deep, warm pink, borne profusely on long stems. Excellent for cutting.

New Dawn — A climbing rose which is ever-blooming. Delicate deep blush or shell-pink of large size.

Paul's Scarlet — Large flowers on long stems are borne in profusion. Bright scarlet red making an effective display.

Primrose — Clusters of canary yellow flowers which hold their color well until the petals drop. Plant hardy and vigorous.

Silver Moon — Attractive single flowers of creamy white.

DWARF AND FLORIBUNDA ROSES

These Roses are hardier and of more vigorous habit than Hybrid Teas. When established, they seldom need replacing for a long period of years. The flowers, many of them the size of Hybrid Teas, are carried in thick clusters and bloom profusely the entire season until heavy frosts.

	Each	Per 10
Potted Plants	\$1.95	\$18.00
(Unless otherwise noted)		

Available after May 10th

Betty Prior — Single carmine buds opening into deep shell-pink flowers.

Circus (Patent No. 1382) — Yellow and orange buds produce flowers of charming yellow, pink and red. \$2.90 each.

Fashion (Patent No. 789) — Entirely new color in Roses — luminous coral suffused with gold. Greatest award winner of all times. \$2.50 each.

Floradora — Buds pinkish-orange opening into a brilliant cinnabar-red touched with orange-scarlet and geranium-red. Double flowers.

Fusilier (Patent No. 1709) — Rich orange-red flowers with many frilled petals. All America Award for 1958. \$2.25 each.

Gold Cup (Patent No. 1683) — Golden yellow which does not fade. Fragrant. All America Award for 1958. \$2.50 each.

Golden Slippers (Patent applied for) — All America 1962. Red and gold buds opening into soft orange are produced in abundance throughout the summer. \$2.90 each.

Lafayette Improved — Double flowers borne freely in clusters on long stems. Bright cherry-red.

Pinocchio — Pointed buds and small flowers of rich salmon pink with golden lights at base of petals.

Red Pinocchio (Patent No. 812) — Rich scarlet blossoms 3½ in. across borne in clusters. Bushy, upright growth and free flowering. Wild rose fragrance. \$2.15 each.

Rose Elfe — Large flowers of clear pink, borne in clusters on long stems.

Spartan (Patent No. 1357) — Burnt-orange buds opening to a reddish-coral. \$2.90 each.

Summer Snow — Double flowers of pure white give a suggestion of the name.

Vogue (Patent No. 926) — Immense clusters of perfectly formed, Hybrid-tea-like blooms up to 4 in. across. Brilliant cherry-coral. \$2.30 each.

VARIOUS ROSES

Hugonis — Strong fast growth and may be used in a shrub planting. The exquisite soft yellow single flowers are borne in sprays in May and June. In pots, \$1.95 each; \$18.00 per ten.

Rosa rugosa — Bushy vigorous growth with glossy green foliage. Single red flowers followed by attractive red hips. 18 to 24 in. \$1.60 each; \$15.00 per 10.

Peonies

Wherever one desires continuing bloom year after year from plants in the garden, we recommend the planting of Peonies. Hardy in almost all parts of this country and Canada, the vigor of the plants and the wealth of blooms in their lovely shades of white, pink and rich reds give delightful effects both in the garden and as cut flowers. When once established, the plants increase in size and quality for many years and need not be disturbed. They will persist in many localities where other perennials fail to grow and their increasing use testifies to their popularity.

Peonies are especially decorative as cut flowers and many amateur enthusiasts give thousands every year to churches and hospitals.

We have endeavored to consistently maintain our free-blooming Cherry Hill Strain by selective propagation and the large, vigorous plants which we furnish give satisfactory results.

Culture of Peonies

Peonies will grow in almost any location, but do best when not planted too near large trees. However, where they are given some shade from the hot afternoon sun, the delicate colors may be retained. A good garden soil of loamy texture, where there is drainage, will produce satisfactory roots and flowers. In this type of soil, no especial preparation is necessary except to loosen and break up any lumps.

You may use any garden fertilizer available or bone meal. Wood ashes containing lime and potash have proved very satisfactory. The amount will be determined by the size of the plant, but a good handful is a rough measure. Too much rain may cause botrytis, a fungus which causes the stems to wilt and turn black. We find that ground limestone is one of the best correctives and this may be used freely. The diseased stems should be burned.

The roots should be planted so that the buds are about two inches below the surface when the ground is settled around them. Too deep planting will result in good foliage but no blooms. This is usually the cause for lack of blooms. Do not attempt to replant Peonies in soil where they have grown before, and if the same location is desired, the earth should be removed and replaced by fresh earth from another part of the garden. When the buds attain about an inch in size, they exude a sticky honey which is attractive to ants, but these seldom do harm and will disappear in a short time.

ANNISQUAM PEONY
One of Our New Introductions

Peonies do best if transplanted in the autumn months from **September** until **November** when the buds for the next year are dormant. They may be planted in the spring, but it should be in early April before the buds have pushed through the ground. The first season will not produce large and often not typical blooms. They should be treated as permanent plants and will grow and thrive from ten to twenty years in one location.

SHIPPING CHARGES

When shipping Peonies, we cut off the tops leaving compact plants. Except in large quantities these may usually be sent by parcel post more cheaply than by express. If you wish your order shipped in this way, please include **40 cents for the first root and 10 cents for each additional root**. We will pack plants securely so that they will arrive in a fresh condition ready to be put in your garden. Larger shipments may be sent express collect.

DOUBLE-FLOWERING PEONIES

For your convenience we have listed these according to color.

Prices quoted are for strong, healthy plants with at least three to five buds.

For two-year clumps, add 50%.

For three-year clumps, double the price.

For shipping charges see above.

(Double Peonies continued on next page)

The number following the name is the percentage rating given by the American Peony Society.

We grow and test many varieties, listing those which seem most desirable. If you do not find the variety you wish, ask us, as we have many not listed.

White and Blush

Amberglow — Strong upright stems of medium height bearing dark green leaves which have a peculiar fluted effect. The bud is delicate pink and the flower globular, flesh pink with salmon lights. Late but opens well and is noticeable for its delicate coloring and crisp freshness. A Cherry Hill production. \$4.00.

Arthur H. Fewkes — A variety originated by the late Arthur H. Fewkes and named by his family. Strong stems of medium height. Wide petals of fine form and texture, ivory white with salmon shadings at base of petals which give a buff or salmon light throughout the flower. Late. \$4.00

***Avalanche 8.7** — Fine flowers of convex form, ivory-white sometimes with a touch of crimson on center petals. Extra good. Late mid-season. \$1.50.

***Baroness Schroeder 9.0** — Well-formed globular flowers of white with a soft baby-pink center changing to white. Very satisfactory. Late midseason. \$1.50.

***Festiva Maxima 9.3** — Exceptionally large ivory-white flowers with a fleck of crimson in the center. Strong stems and foliage. Midseason. \$1.50.

***Frances Willard 9.1** — Strong stems surmounted by large flowers of lovely creamy white. Late midseason. \$1.50.

Frankie Curtis 8.9 — Large white blossoms borne on stiff stems. Midseason. \$2.00.

Golden Dawn 8.6 — Outer petals creamy white with center of deep sulphur-yellow. A so-called "yellow" peony. \$1.50.

***Harry F. Little** — Gold Medal A.P.S. The delicate tinted buds open into large white flowers tinted with cream. Broad petals somewhat notched. \$3.00.

***James Kelway 8.7** — Exquisite white with golden glow. Very fragrant. Early midseason. \$1.50.

***Kelway's Glorious 9.8** — Buds slightly tinted pink open into large flowers of glistening white. Fragrant. Late midseason. An exceptionally fine variety. \$3.00.

***Le Cygne 9.9** — Charming, milk-white with broad, rounded petals. The large symmetrical blooms are never coarse. Midseason. An extra fine variety. \$3.00.

***Madame Jules Dessert 9.4** — Large flowers with broad petals of creamy-white lighted with buff and salmon shades. Midseason. \$1.50.

Mrs. A. M. Brand 9.0 — Very large, rather flat flowers of pure white. Fragrant. Tall strong stems. Late. \$2.00.

CURVED PLANTINGS ADD CHARM

***Mrs. A. O. Norton** — Very large flowers with broad, overlapping petals of pure white suffused yellow at the base. Late mid-season. A fine new variety. \$6.00.

Nimbus 9.1 — White with blush center. Fragrant. Excellent habit and gives a charming effect. Late. \$1.50.

Nymphaea 8.8 — A Cherry Hill production. Flat flowers of creamy-white petals mixed with yellow stamens. The edges of the petals are somewhat rolled, giving a water-lily effect. Midseason. \$1.50.

***Priscilla Alden 9.1** — Pure white with broad rounded petals. Noticeable in the garden for its fresh appearance. A fine variety. Early midseason. \$2.00.

Rapture — A Cherry Hill production. Very large, the outer petals broad and rounded, center petals shorter giving the blooms a cupped effect. Pure white suffused with a creamy light. Pleasant fragrance. Midseason. \$4.00.

Summer Cloud — A Cherry Hill production. Faint pink buds open into well-formed flowers with wide outer petals of white and center of narrower petals having a creamy light. Long, strong stems. We consider this to be superior to Kelway's Glorious. Midseason. \$2.00.

Thomas C. Thurlow 9.1 — A Cherry Hill production. Broad petals of salmon-flesh changing to white, lighted by narrow petals edged with yellow. Does best when well-established. Fragrant. Midseason. \$2.00.

Light Pink

***Annisquam** — Large globular blooms of tender pink which retain their coloring until the petals fall. The petals are broad and rounded forming a cupped-shaped flower of smooth attractive appearance. Good both as a cut flower and for garden use. Pleasant fragrance. Midseason. A Cherry Hill production. We consider this one of our finest productions. \$10.00.

Coronation 8.5 — Delicately tinted buds of pale pink. The cup-shaped blooms give a charming effect. Early mid-season. \$1.50.

***Edwin C. Shaw 9.1** — A Cherry Hill production. Very large flowers of flesh-pink with broad rounded petals. Symmetrical in form and cupped in shape, this is especially attractive. Fragrant. Late midseason. \$2.50.

-
- ***George W. Peyton** — Delicate flesh pink showing amber lights at base of petals. Late. A very fine new variety. \$4.00.
- ***Grandiflora 8.8.**—Flat flowers of silvery shell-pink. Pointed petals. Very late. Extra good. \$1.50.
- Hansina Brand 9.0** — Flat flowers of deep shell-pink with salmon lights. \$3.00.
- ***Katharine Havemeyer 9.0** — A Cherry Hill production. Large blooms of light rose-pink. The broad petals are cupped in the center giving a rosebud effect. Fragrant. Late midseason. \$2.50.
- Lady Alexandra Duff 9.1** — Very broad petals of soft blush-pink with flesh tints. Very satisfactory variety. Mid-season. \$1.50.
- ***M. Jules Elie 9.2** — Globular blooms, outer petals recurved, resembling huge chrysanthemums. Clear medium pink with a silvery tinge. Midseason. \$1.50.
- ***Myrtle Gentry 9.0** — Large, full flowers of rosy-white or pale pink with salmon lights; broad, rounded petals. An outstanding variety. \$2.50.
- ***Nick Shaylor 9.2** — Large globular blooms of creamy-white. Pink and salmon lights at base of petals suffuse the whole flowers giving a charming effect. Late. \$4.00.
- ***President Wilson 9.3** — A Cherry Hill production. Large, bright rose-pink changing to shell-pink as flower opens. Petals broad and overlapping with cupped center. The blooms will last a long time and hold their delicate coloring to the end. Spicy fragrance. Late. \$2.50.
- ***Pride of Essex 8.9** — A Cherry Hill production. Large, cup-shaped blooms of deep shell-pink borne on strong upright stems. Clear fragrance. Midseason. \$1.50.
- ***Reine Hortense 8.7** — Large, compact flowers with broad rounded petals of soft flesh color with some crimson splashes. \$1.50.

Rose Shaylor 9.1 — Flesh-pink to creamy-white. Erect, strong growth. Midseason. \$2.00.

***Sarah Bernhardt 9.0** — Large flowers of delicate shell pink of charming freshness. Extra good. Late. \$1.50.

***Therese 9.8** — Large soft shell-pink with lighter center. Vigorous and free-blooming, this is one of the most popular and satisfactory varieties which we have. Early mid-season. \$2.00.

***Venus (Kelway) 8.3** — Exquisite pointed buds. Delicate shell-pink and white. Strong stems and free blooming quality. Very fine. Midseason. \$1.50.

***Walter Faxon 9.3** — Bright shell-pink with salmon shades. Almost the only really pink peony. Medium-sized blooms. Midseason. \$1.50.

Deep Pink

Auguste Dessert 8.7 — Bright rose-pink with silvery edges. Especially fine for garden effects. Midseason. \$1.50.

***Edulis Superba 7.6** — Deep rose-pink especially good in the garden. Early. \$1.50.

LANDSCAPING COMPLETES YOUR HOME

H. A. Hagen 8.2 — Cup-shaped blooms, deep rosy-pink. Late. \$1.50.

***Jules Calot 7.2** — Globular blooms of deep rose-pink of a pleasing shade not often found. Blooms freely. Late. \$1.50.

***Lillian Gumm 8.9** — Immense, very full double blooms of rose-pink. Late. \$1.50.

Martha Bulloch 9.1 — Very large flowers of bright old rose pink. Tall growth. Late. \$2.00.

***Phyllis Kelway 9.0** — Bright pink, yet with delicate coloring which gives a fresh and charming effect. Strong erect stems. Fragrant. Late. \$1.50.

***Rachel 8.3** — Fresh, soft rose. Strong stems. Late mid-season. \$1.50.

Souvenir de Louis Bigot 9.1 — Large blooms of rich salmon-pink with silvery lights. Free blooming and extra fine. Midseason. \$1.50.

Red

***Adolphe Rousseau 8.5** — Large, sometimes semi-double flowers of deep garnet. Very popular variety as its height and color make it conspicuous in the garden. Early mid-season. \$1.50.

***Charles McKellip 7.8** — Globular blooms of brilliant red. Blooms freely. Late midseason. \$1.50.

***Cherry Hill 8.6** — A Cherry Hill production. Deep garnet with a sheen which makes a bright appearance in the garden. Center petals are intermixed with golden stamens. The first of our double varieties to bloom and the tall strong stems carry the flowers well. A distinct garden variety. \$1.50.

***Felix Crousse 8.4** — Brilliant crimson with a deeper ruby-red center. Blooms freely and vigorously. A very satisfactory variety. Midseason to late. \$1.50.

Grover Cleveland 8.2 — Fine dark crimson. Late. \$1.50.

***Karl Rosenfield 8.8** — Brilliant dark crimson. Blooms freely and one of the best of this color. Midseason. \$1.50.

(Double Peonies continued)

***Mary Brand** 8.7 — Brilliant deep red which does not fade. Midseason. \$1.50.

***Matilda Lewis** 9.0 — Very dark maroon-red flowers of globular form. Strong erect growth with dark green foliage. We consider this to be the best very dark red which we have seen. \$3.00.

***M. Martin Cahuzac** 8.8 — Deep garnet coloring makes this one of the very darkest of peonies. Globular flowers of medium size. Midseason. \$2.00.

Onondaga — Large, deep red flowers are borne on tall stems making an accent in the garden. Early midseason. \$2.00.

***Philippe Rivoire** 9.2 — Fine dark crimson. Flowers of medium size hold their color until the petals fall. Fragrant. Midseason to late. \$2.50.

*Varieties in this class we have found to be the best and most reliable for color and free-blooming quality. We recommend these if you are in doubt as to selection.

Single Peonies

For shipping charges, see Page 45

Prices quoted are for strong, healthy plants with at least three to five buds.

Two-year clumps, add 50%.

Three-year clumps, double the price.

The number following the name is the percentage rating given by the American Peony Society.

The single flowered varieties are the first to bloom, but the side buds will continue to bloom over a considerable season. They are especially satisfactory for garden effects as they withstand the rains and wind where the heavier doubles might be beaten down. The large yellow centers of stamens give a distinct note.

Adana — Delicate shell-pink with bright golden stamens. Long buds resembling roses, open with broad petals of good substance. \$2.00.

- ***Clairette** 8.1 — Long arching stems bearing large pure white flowers. The petals are long and silky. \$1.50.
- ***Helen** 8.9 — A Cherry Hill production. Stems very tall and erect with broad foliage. A double row of broad, cupped petals of deep shell-pink surround a mass of golden stamens. The earliest to bloom. \$1.50.
- Le Jour** 8.6 — Large, pure white petals of good substance and a fine variety. \$2.00.
- ***L'Etincelante** 8.4 — Broad petals of bright pink with silvery borders. Especially attractive in the garden. \$1.50.
- ***Mellen Knight** 8.4 — Strong erect stems bearing rich crimson flowers with golden centers. The petals are smooth and rounded. \$1.50.
- Mischief** 8.6 — Clear, even pink flowers, borne in abundance on strong stems. Later than most singles and is attractive for a long time. \$1.50.
- ***Pride of Langport** 8.9 — Deep shell-pink with compact center of golden stamens. Stems strong and an abundance of bloom. \$1.50.
- ***The Bride** 8.4 — Large white flowers borne on strong stems. A fine variety. \$1.50.

Japanese Type Peonies

For shipping charges, see Page 45

Prices quoted are for strong, healthy plants with at least three to five buds.

Two-year clumps, add 50%.

Three-year clumps, double the price.

The number following the name is the percentage rating given by the American Peony Society.

These so-called Japanese Peonies which have been grown in this country are those which have one or two rows of petals and centers of stamens much thickened. These latter are almost devoid of pollen and in some varieties make thick cushions of golden yellow. In others the stamens are self-color tipped or crusted with yellow. The effects are beautiful and distinct and are charming for the garden and as cut flower decorations.

***Ama-no-sode** 9.2 — Large, bright rose-pink with lighter tints. Extra. \$3.00.

Charm 9.2 — Deep red with well-formed center of yellow. The petals are smooth and rounded making a very attractive flower. Late. \$2.50.

Currant Red — Lively cerise-red petals, stamens yellow, marked with self-color. Attractive in the garden. \$2.50.

Emma — Broad petals of bright pink. Very fine variety \$3.00.

***Glow** — Deep cerise-pink surround a cushion of narrow petals overlaid and crusted with straw yellow. A bright tone in the garden. \$1.50.

***Hari-ai-nin** 8.9 — Dark maroon-red petals with center composed of broad stamens the same color of petals but heavily tipped yellow. \$2.50.

***Isani Gidui** 9.3 — Rounded petals of pure white surround a compact cushion of golden stamens. Lovely white and gold effect. \$3.50.

Jeffries' Crimson — Broad, rounded petals of deep crimson with a satiny finish. Compact mass of yellow stamens makes a flower which strikes a distinct note in the garden. \$1.50.

***King of England** 8.6 — A rich shade of carmine, stamens self-color edged golden. \$1.50.

***Magnolia** — Bright rose-pink with overlapping petals. Center of enlarged stamens of chrome-yellow which are crusted with golden yellow. Strong vigorous growth. Extra good for garden effects. A Cherry Hill production. \$2.50.

***Mikado** 8.6 — Rich red petals and broad center of stamens of deep yellow edged in red. \$1.50.

Purity — White petals enclose a cushion of yellow stamens \$1.50.

Samoset—Broad petals of vivid pink surround a cushion of orange yellow stamens. Tall strong stems bear many flowers. New. \$2.50.

Soshi — Deep crimson and gold. Very effective in the garden. \$1.50.

***White Gull** — A double row of broad rounded petals of white surround a cushion of yellow stamens. Red stigmas. Much admired by all who have seen it. A Cherry Hill production. \$3.00.

*Varieties in this class we have found to be the best and most reliable for color and free-blooming quality

PEONY COLLECTIONS OF UNUSUAL VALUE**COLLECTION NO. 1**

Avalanche 8.7 — Ivory-white sometimes with touch of crimson on center petals. Late midseason.

Karl Rosenfield 8.8 — Brilliant dark crimson. Midseason.

M. Jules Elie 9.2 — Clear pink with silvery light. Early mid-season.

Walter Faxon 9.3 — Bright shell pink with salmon shades. Midseason.

Regular Price \$6.00 Collection Price \$5.00

COLLECTION NO. 2

Ama-no-sode 9.2 — Large, bright rose-pink with lighter tints.

Emma — Broad petals of bright pink.

Jeffries' Crimson — Deep crimson with a satiny finish.

Magnolia — Bright rose-pink with overlapping petals.

Regular Price 10.00 Collection Price \$9.00

VARIETIES NOT LISTED

We have many other kinds not listed. Should you wish any special variety, we will quote you if available.

ASSORTED COLLECTIONS

For those who wish a collection without names, we can furnish a very good assortment in our selection of colors at \$10.00 per ten.

These are all good varieties and would be worth much more if sold to name.

For shipping charges, see Page 45

Fertilizers, Insecticides and Fungicides

BONE MEAL — 2-23 — Organic source of nitrogen and phosphorus, excellent bulb food.

10 lb. pkg. \$1.50

BOVUNG DEHYDRATED COW MANURE — One of the best organic soil conditioners. Especially good for roses.

25 lb. bag 1.80

50 lb. bag 3.15

BUELL POULTRY PEAT — Poultry manure combined with peat. Wholly organic plant food with humus added which holds moisture in the soil. Can be used with no fear of burning on perennials, shrubs and lawns.

5 lbs.75

25 lbs. 1.50

50 lbs. 2.75

100 lbs. 5.25

PLANT-O-GANIC — 8-8-8 — A formula made up especially for members of the Mass. Nurserymen's Association. The nitrogen is 75% organic.

10 lb. pkg. 1.40

25 lb. pkg. 2.95

50 lb. pkg. 5.50

TURF-O-GANIC — 10-6-4 — A formula made up especially for lawns to Mass. Nurserymen's Association specifications. The nitrogen is 75% organic.

25 lb. pkg. 2.95

50 lb. pkg. 4.75

NATIVE PEAT — Fine ground. Very good when added to soil for Rhododendrons, Azaleas, Laurel, etc.

25 to 28 lb. bag 0.90

PEAT MOSS — Fine ground for garden use. Good for mulching or adding humus to soil.

Large bale 4.50

Car bale (½ lg. bale) 2.50

The above items are for truck delivery only.

No mail or express.

CHLORDANE 10% DUST OR SPRAY — Controls cutworms, wire worms and most beetles. Also leaf miner on Birch and Elm trees.

1 lb. can \$0.75

D.D.T. DUST 10% — Controls Japanese beetle, all caterpillars, leaf hoppers and thrips.

1 lb. canister 0.75

3 lb. canister 1.55

MALATHION 50% — Contains 50 per cent malathion for controlling spider mites, aphids and Japanese beetles.

8 oz. bottle 1.75

1 pint bottle 2.75

SPIDER MITE DUST OR SPRAY — Contains Aramite for control of red spider on Roses. Also spider mites on Arborvitae, Spruce and other evergreens.

1 lb. sifter canister 0.85

WETTABLE & DUSTING SULPHUR — A summer fungicide containing 95% sulphur. Controls black spot and mildew on Roses, also spider mite on evergreens.

1 lb. canister 0.50

SEYMOUR SMITH "SNAP CUT" #119 — One of the best moderate priced hand pruners for all around garden use. 3.25

PLANTING ALONG WOOD PATH IN OUR NURSERIES

Arrangement & Planting

An effective planting is an asset to the homeowner and community.

For those in doubt as to the plants and arrangements of their grounds we are always glad to give assistance. It is a great help if you can bring a few snapshots with measurements when coming to the nursery.

In cases of more extensive plantings we suggest you telephone or write for an appointment to have a representative call. He will gladly give you suggestions and estimates on work to be done.

PLANTING

Many people wish to do their own planting. Dig an ample hole, somewhat wider and deeper than the root spread. Put some loam in the bottom and place the plant so that it will be a little deeper than when growing in the nursery. If plants have a ball of earth the burlap may be left on, only cutting away the top. When the hole is two-thirds full sprinkle a handful of fertilizer in the trench and cover with earth. Fill trench with water and add loose soil until hole is filled. The first summer soak thoroughly once a week.

MAINTENANCE AND CARE

Evergreens and shrubs, when planted near the house, will in a few years, grow too large for the space assigned them and will mar the effect which was originally intended. Instead of waiting until they are too large and then pruning them drastically, it is much better to give them a light pruning every year. By this method no large branches are cut, and the planting will continue for many years improving in value and appearance.

It is better to make a light application of fertilizer every year rather than too much at one time. Especially near the house, the soil is often dry and lacking in plant food.

EFFECTIVE PLANTING MAKES AN ATTRACTIVE HOME

GIFT CERTIFICATES

We are prepared to issue Gift Certificates, redeemable by us. This certificate will bear the recipient's name and yours as donor. For anyone interested in a garden or planting the home grounds, this makes a very acceptable Christmas or Anniversary gift.

Certificate of Nursery Inspection Div. Plant Pest Control and Fairs
Commonwealth of Massachusetts Official Certificate No. 409
Department of Agriculture Boston, September 6, 1962

To Whom it May Concern:

This is to certify that in accordance with Sec. 17, Chap. 128, G.L. Mass. Tercentenary edition, as amended, the general nursery stock of Cherry Hill Nurseries grown at Newburyport and West Newbury, Massachusetts, has been inspected and found to be apparently free from all injurious insects and plant diseases which might be disseminated on such stock. This certificate good until July, 1, 1963.
Inspected by L. Newey.

(Signed) P. C. Kuzmiski
Assistant Director of Plant Pest Control

For those interested in plants and flowers, we would recommend the Massachusetts Horticultural Society. Membership makes available all important books on gardening, lectures, the publication of Horticulture, etc. The annual membership is \$8.00. Apply to the Secretary, Massachusetts Horticultural Society, Horticultural Hall, Boston 15, Mass.

Home office and section of gardens of Cherry Hill Nurseries, West Newbury, Mass.

Condition of Sale

One to four plants of a single size and variety at the each rate; five to twenty-four at the ten rate; twenty-five or more at the hundred rate when such rate is given. These prices apply to our usual first grade stock, but when a tree or plant of outstanding quality is selected a special rate is charged.

Charge accounts for thirty days' credit may be opened by new customers giving satisfactory bank or trade references, but to those unknown to us we ask for cash with order.

All prices for stock are here at the Nursery, and packing will be charged at cost. We are equipped to make truck delivery on full loads throughout New England and the surrounding territory at a cost which in most cases is not greater than the combined cost of packing, freight or express. This is a very satisfactory method as plants are delivered fresh, directly to the planting site. On small orders, less than a full truck load, we can usually make combination load deliveries within a radius of 40 miles of the Nursery, the cost being divided depending on the size of the order. These, of course, cannot be delivered on any specified date. All plants, however, not balled will be packaged or wrapped so that if the customer is not there on arrival, they will keep safely for several days.

Due to modern methods of handling, the transplanting season has been greatly extended. Our spring season commences usually the last of March or early April and continues through June during which time almost all plants may be safely moved. Our fall season starts with the planting of evergreens in late July and deciduous material from October until the ground freezes.

Our Guarantee

(Guarantee adopted by all members of the
New England Nurserymen's Association.)

We guarantee to furnish nursery stock in first-class condition so that with careful planting and proper after-care losses will be reduced to a minimum. The Customers' Complete Cooperation is essential for best results.

Plants purchased at retail prices in the Spring planting season will be re-supplied at half price in the Fall if they have failed to grow. Plants purchased at retail prices in the Fall planting season will be re-supplied at half price the following Spring if they fail to leaf out. If we do the planting there will be no charge for replacements of plants which fail to grow; however, the purchaser must pay for any labor or trucking connected with such replacements.

Should we not have plants of the same kind in stock, we reserve the right to supply other plants of equal value, or to give credit for the amount paid.

Because of special culture requirements for success with roses, and the many factors that effect their survival, we cannot guarantee roses to survive our New England Winters.

We will cheerfully re-supply any plant not found true to name, or we will refund the amount paid for the same, but it is mutually understood that at no time shall we be held responsible for a greater sum than the purchase price.

Our guarantee is void on accounts not paid in thirty days, or according to any special terms which may be arranged.

A copy of the sales slip or invoice must accompany each claim. Overdue accounts will be subject to a charge of six percent interest.
